Deterioration of Coffee.

More than one hundred millions of people are habitual coffee drinkers, and among them not a few of our readers. And to note the strange things ultered By this marvel of the day. The eccentric said this planet Was a line and goodly place, And the only thing it wanted Was the more of heaven's grace; Ard he sought to show the people How to think and work and live,

So that each should help the other How the door that leads to heaven Was most amply broad and wide,
And how each could turn the handle
And go easily inside;
That the very gentlest natures
In the world may yet be strong;
And how truth is always wisdom,
And all wickstress as wrong. And all wickedness is wrong.

He explained how true religin Was day-working, nothing more; That this world was not an ocean, But that thinking men and women Should find belter things to do Than in twisting God's commandments Than in twisting God's command: Or quite breaking them in two. As for acting like our neighb re
